**IMPORTANT NOTICE:** This Probable Cost of Services covers only the articles and services listed. It is not a guarantee that the actual charges will not exceed the amount shown. Common carriers are required by law to collect transportation and other incidental charges computed on the basis of rates shown in their lawfully published tariffs, regardless of prior rate quotations or estimates made by the carrier or its agents. Exact charges for loading, transporting, and un-loading are based upon the time required to perform these services, and such charges may not be determined prior to the time the goods are loaded, transported and unloaded. Rates to be computed from time of arrival of van at point of origin to the time the delivery and placing of shipment in new premises is completed, plus travel time as shown in carrier's tariff. Rates and charges do not include ferry, bridges or road tolls, or any other incidental charges, which may be levied. Such charges and tolls may be advanced by carrier but are chargeable to the shipper or consignee. Charges for additional services will be added to the transportation charges.

You are still obligated to pay the balance on the total charges within 15 days.
